Summary of Review Status:

We have completed all searches (electronic, grey literature and hand searches).

We have complete title and full text screening and have identified 30 relevant papers that meet study criteria.

We have performed data extraction and quality assessment on these papers.

At that point we had one team member leave the team (Dr. Liam Rourke).

We are nearly finished data synthesis (1st iteration complete).

We have presented the near completed work at the Canadian Conference in Medical Education as a poster (attached) on April 22 2013 in Quebec City, Canada.

We have submitted an abstract on the work for the 2013 AMEE meeting short communications.

We have started writing the manuscript.

Anticipated Date of Completion:

September 2013
